

Worker-Ownership 101

Learn about worker owned enterprises

Thursday, Dec. 15

5:30-7:30pm

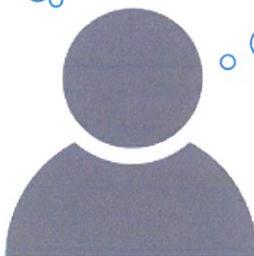

Foothills Higher Education Center
Room 213

2128 South Sterling Street, Morganton

Worker coops are 2-6% more profitable than their peers.¹

The largest U.S. worker-owned cooperative has 15% employee turnover compared to 40-60% industry-wide.²

This workshop is perfect for...

- existing business owners who need a succession plan that offers great tax advantages
- entrepreneurs and business owners who want to start a new business or grow their existing business by cooperating with others
- community members interested in learning about workplace models that support a new and local economy

1. Democracy at Work Institute, "US Worker Cooperatives: A State of the Sector"
